

WESTERN PACIFIC FORCED TO STOP WORK

GOVERNOR PARDEE REPLIES TO SENATOR LEAVITT

TELLS OF THE HARBOR BILL BATTLE NOW GOES TO THE COURTS

GOV. GEORGE C. PARDEE.

—Copyrighted 1902 by Webster.

SENATOR FRANK W. LEAVITT.

Governor Would Not Pledge Himself to Sign Bill Before it Was Passed.

He Has Not Changed His Stand on the Water Front Question.

Governor Pardee's attention was called to the interview with State Senator F. W. Leavitt in Tuesday's Examiner, in which the Senator was quoted concerning a bill said to have been drawn by Wm. R. Davis, Wm. Lair Hill and H. A. Powell, and introduced into the Legislature by Senator Leavitt, creating a State Board of Harbor Commissioners to control the Oakland water front, as follows:

"I presented the bill and had it reported to the proper committee. Then I submitted a copy of it to Governor Pardee for his approval. He had it, I think, five weeks—certainly long enough to master its purport. After I had discussed the measure with him several times, telling him that if he had any changes to suggest Mr. Davis, who drew the bill, would go to Sacramento and draft the amendments, the Governor suggested alterations that would have, to a great extent, emasculated the bill. Still we were willing to amend the measure to suit the Governor, provided he would sign the bill after it had passed both houses. This assurance he declined to give.

VETOED BY GOV. GAGE.

"A water front bill had been passed by a previous Legislature, and had been vetoed by Governor Gage, and none of us had so

little use for our time and energies as to attempt to get another through unless we were certain that Governor Pardee would affix his signature to it after its passage. As we could never get the Governor to pledge himself to sign the measure, we let it die in committee. I have not read today's papers carefully, but I understand that Governor Pardee now favors a bill to place the control of Oakland harbor in the hands of the State. In other words, he now indorses what he damned with faint praise while the Legislature was in session. I am glad the Governor has changed his mind."

THE GOVERNOR LAUGHS.

Governor Pardee laughed when he had read the above interview with Senator Leavitt, and said: "Yes, Senator Leavitt did leave with me during the last session of the Legislature a bill to create a State Board of Harbor Commissioners for Oakland harbor. And the Senator did try very hard to get me to pledge myself to sign the bill if it should pass the Legislature. But I refused to make any such promise. My reason was that, under no circumstances would I, or did I ever, promise to sign any bill before it passed the Legislature; and the reasons for this are, I think, quite evident. And I told Senator Leavitt that I would not

pledge myself to sign that of any other bill before it reached me after its passage by the Legislature.

GOVERNOR'S POSITION.

"But, every time the Senator called on me to urge me to pledge myself to sign his bill before it passed the Legislature, I said to him, 'Why don't you go and pass your bill? If it is a good bill, and it seems to be, you ought to have no trouble in passing it. A Senator with your great influence ought to be able to get almost anything, let alone a good bill like this one, through the Legislature.' But the Senator, some way or other, didn't seem to want to try to pass his Oakland harbor bill unless he could get my promise to sign it, and thus make it an 'administration measure.' But, in accordance with my invariable rule not to promise to sign any bill before it came to me after passing the Legislature, I always refused to make the Senator the promise he desired me to make. And the Senator's bill never was passed.

OAKLAND HARBOR BILL.

"If the Senator had been in the habit of consulting me about his bills and had not pushed any of them through the Legislature without first securing my promise to sign them, I would, probably, not have thought so much of it. But this Oakland harbor bill was the only one that I remember the Senator insisting I should promise to sign, and the only one of the many he introduced which he did refuse to try and push through unless he first secured my promise to sign it.

"I notice that Senator Leavitt also says that I now indorse what, during the session of the

SOUTHERN PACIFIC ENJOINS

Western Pacific Guards Continue to Watch Tracks.

Quiet prevailed on the north training wall of Oakland harbor today, and except for the guards and a few surveyors, none of the army of men which the Western Pacific Company has employed to assist in making use of the United States property, it has seized were busy, or even in evidence.

NEW INJUNCTION.

Judge William W. Morrow's injunction, issued in the Federal Court at San Francisco yesterday afternoon, was the cause. Not a hammer fell, not a tie was put in place, not a shovelful of dirt was moved. The pile-drivers, busy for days in hammering down what is planned for the bulkhead of the company's proposed mole, were silent, the new building, to be used as an arsenal, an office and a shelter for the men and guards, was left as it had been begun, with only the floor laid, and everything else came to an absolute standstill.

NOTHING DOING.

The representatives of the company asserted that they had completed the unloading of the steel and timber, which has been going on at the outer end of the wall for several days, before the injunction was served, but at any rate there was nothing doing in that line today, and the two ships that held the cargoes were gone.

The present track along the wall is, of course, only a temporary one, made of old steel and put together in most any fashion, merely to put the company in possession of the coveted ground, but immense piles of new,

HOW THE BATTLE STANDS UP TO DATE

The situation up to date in the contest between the Western Pacific and the Southern Pacific Company for supremacy at West Oakland is as follows:

1.—American Dredging Company sues the Southern Pacific to prevent it from interfering with the work of filling in the north training wall. Injunction is secured.

2.—Western Pacific brings suits against the Southern Pacific to condemn right of way to Peralta street yards.

3.—Southern Pacific sues the American Dredging Company to prevent the latter from filling tide land north of the training wall. Injunction secured.

4.—Southern Pacific Company sues Western Pacific Company to restrain latter from laying tracks on north side of training wall west of Peralta street slip. Injunction secured, but not obeyed, defendant claiming that it is working on Federal property.

5.—Southern Pacific brings suit in United States District Court to prevent Western Pacific from laying track on north side of the training wall, west of Peralta street slip. Judge Morrow issues injunction and work is stopped.

6.—Southern Pacific and Santa Fe join hands in battle against Western Pacific to condemn certain water front land in San Francisco.

Some Friends of Official Fear He May Have Ended Life.

The position of head jailer of the County Jail, for several years past held by Harry A. Clark, was declared vacant this morning by Sheriff Frank Barnett, because of the mysterious disappearance of the former incumbent.

Assistant Jailer Peter L. White has been promoted to fill the vacancy, and Joseph Moffitt, a well-known railroad

man, has been appointed to fill the place vacated by White's promotion. The appointment of Moffitt was made as a compliment to the railroad men of the county, with whom he stands in high esteem.

GEORGE SCHMIDT NAMED FOR BERKELEY P. M.

WASHINGTON, Jan. 11.—The President today sent the following nominations to the Senate:

Associate Justice of the Supreme Court of Arizona—Frederick A. Nave of Arizona.

Postmasters: California—George Schmidt, Berkeley. Nevada—L. L. Mushett, Tonopah.

[George Schmidt was appointed by Secretary V. H. Metcalf when he was Congressman from the Third District. Friend W. Richardson, editor and manager of the Berkeley Gazette, was George Schmidt's opponent for the office. There was a very lively contest for the position, but Congressman Knowland threw his influence in favor of the incumbent, and as a result Mr. Schmidt was reappointed by the President.]

LADY WARWICK, COURT BEAUTY, TALKS TO WORKMEN FROM WAGON

LONDON, Jan. 11.—Lady Warwick, the court beauty known as the "Democratic Countess," took a hand in the election struggle today, addressing her "comrades and friends," the dock laborers of Westham, in support of the dock laborers' candidate, Will Thorne. The countess, in a dainty Parisian costume, braved the bleak wind while from a tradesman's wagon she urged the laborers to work to secure an independent labor party in the House of Commons. She asserted that she was convinced of the ultimate victory of the Democratic movement, and prophesied that the new government would not last much longer than eighteen months.

CHINESE ROMANCE

Quong Sam Lung, a Chinese tailor, whose place of business is at No. 837 Washington street, is mourning the loss of \$50 as the result of a brief business acquaintance with a Miss Johnson, a colored beauty, possessed of a form divine.

Miss Johnson wished to be fashionably gowned, so that her power of attraction would not be overdrawn from owing to a lack of clothes. She knew of no one that made better clothes or more cheaper than Quong Sam Lung.

When she entered his place of business he made almost eyes at her and she encouraged him in this harmless pastime.

He admired her statuesque proportions and told her that with little trouble that he could make a gown for her that would set off the symmetry of her form to perfection.

While the tailor and customer were exchanging hot air compliments, one with Oriental diplomacy, the other with African cunning, they came close together and in a moment of irresistible impulse Miss Johnson threw her arms around the Chinese and gave him a squeeze which nearly took all the breath from his withered and rice-fed frame. The squeeze was warm.

"How Saver!" said the Chinese contentedly, as the black beauty again squeezed him.

After the second squeeze Miss Johnson completed her business quickly and departed.

The healthful man awoke from his trance and felt for his pocket book in the mysterious blouse he wore. It was gone. He wildly chased out on the street but could find no woman of color in sight. He then hastened to the police station and informed Chief of Police Wilson of the amorous squeeze and the disappearance of the pocket book.

INSTALLATION OF OFFICERS.

Appomattox Corps No. 5, and Appomattox Foot No. 50 held regular installation of officers Tuesday evening at Loring Hall 531 Eleventh street.

Installing officers for the corps, Mrs. S. F. Parrell. Officers for the year 1906 are: President, Robert J. Evans; senior vice-president, Currie C. Allen; junior vice-president, Julia M. Blackburn; secretary, Caroline G. Hancock; treasurer, May B. Adams; chaplain, Cornelia French; conductor, Anna A. Wright; assistant conductor, Catherine J. Fitzhugh; guard, J. Hogan; musician, May B. Adams; color bearers, Mary C. Rothwell, A. Gesina Norman, Amy A. Hamilton and Abby C. Weeks.

Mrs. Parrell, in behalf of the corps, presented to Mrs. Anna Goodwin, the retiring president, a long gold chain and corps pin. Then Mrs. Goodwin presented Mrs. Parrell, in behalf of the corps, with a beautiful silver salad fork. The pin was expected, but the chain and fork were such a pleasant surprise. The ladies responded with pleasing and appropriate remarks. Remarks were made by Captain W. H. Thomas, and other members of the post. All expressed themselves as being well entertained. "America" was sung, the audience standing. Miss Wright accompanied, and so closed a pleasant evening.

CINCINNATI, Jan. 11.—The meeting of the National Baseball Commission called for today by Chairman Hermann brought many prominent baseball men to this city.

WIFE HIS FORTUNE

ST. PAUL, Minn., Jan. 11.—A special to the Dispatch from Sioux City, Iowa, says:

Because the man who eloped with his wife plied the fortune which he subsequently accumulated in his name, D. J. Douglass, a prosperous farmer residing six miles from Sioux City, has become possessed of wealth.

Fourteen years ago Douglass' wife deserted him and joined G. S. Porter in California. Porter had formerly boarded with the Douglass family and had been ordered from his residence by Douglass, who declared he was making love to Mrs. Douglass. Douglass did not attempt to pursue the eloping couple. He learned that they resided together in California as man and wife and were rapidly accumulating a fortune.

Four months ago Douglass learned that his wife was dead. He consulted a local attorney and upon his advice went to California to search for the property. In the end he located Porter at Los Angeles. He found that his wife had left him a property valued at \$40,000, which Porter claimed as a legitimate inheritance.

It seems that Porter, who was a truck driver in Omaha, when he met the Douglasses, had elected to keep the property in his wife's name, or to be more exact, in the name of Mrs. Douglass, because there was an outstanding judgment against him. So far as the court records showed, Porter had no interest in the property which his industry and management had accumulated. It all belonged to Mrs. Douglass.

Douglass employed an attorney at Los Angeles and has just succeeded in having the courts decide that the estate left by his wife rightfully belongs to him.

Douglass has just returned to his Sioux City farm, bearing a copy of the decree of the court and a bona fide evidence of title to \$40,000 worth of Los Angeles property, that formerly stood in his wife's name.

PRIVATE SERVICE OVER BODY

PAY RESPECT TO MEMORY OF LATE DR. WILLIAM R. HARPER.

CHICAGO, Jan. 11.—Private services over the body of the late Dr. William R. Harper, president of the University of Chicago, were held today at the family residence. Addresses were made by Dr. Frank W. Gunsaulus, pastor of Central Church; Dr. T. W. Goodspeed, secretary of the University of Chicago, and Rev. J. L. Jackson, pastor of the Hyde Park Baptist Church.

The only persons present aside from the members of Dr. Harper's immediate family, were the members of the University Senate and the University Council.

The body will remain in charge of the family until Saturday, when it will be conveyed to Haskell Hall, on the university grounds, where it will lie in state until Sunday at 2 o'clock, when the public funeral will be held. The interment will be at Oakwood cemetery, a short distance from the home of the Harper family.

NEW YORK, Jan. 11.—Memorial services for President Harper, of Chicago University, will be held at Columbia University Sunday afternoon. They will be participated in by representatives of New York University, the colleges of the City of New York and the public schools.

heavy steel have been laid at various points along the sand, and this, it is said, will be used in making a permanent track, if the company is successful in retaining possession of the ground it has grabbed.

SOUTHERN PACIFIC WORK.

The Southern Pacific Company continued its work on the site selected for the new machine shops today, the huge pile-drivers covering a large territory with what is to be the foundation of the proposed buildings. Another track, parallel, almost, to the first one stretching across the sand, was begun late yesterday afternoon, and by noon today was nearly as long as the first one.

POLICE ON HAND.

State railroad police are still kept on the scene to prevent trespassing by outsiders, two being on duty inside the lines and three or four at the entrance to the yards.

Captain of Police Petersen ventured into the place this morning and was at once hailed by one of the policemen.

"Where you going?" was demanded. "Oh, I'm going to look around a little," replied Petersen.

"Well, I guess you'll look around the other way, then, and inspect the premises where you came from," said the bluecoat, as he turned the supposed intruder around and started him toward the outside.

Petersen hastened to show his star and make known his identity, whereupon he was permitted to pass. He remained on the scene only a few moments, merely taking a cursory glance at what was going on.

THE JUDGE'S ORDER.

The injunction granted by Judge Morrow yesterday against all work on the strip of land under Federal control which the Western Pacific has seized and to which the Southern Pacific claims prior rights, is, of course, only a temporary one and is made returnable on January 15. It was served on the foreman of the tracklaying crew and on the men on the dredger at 4:30 o'clock yesterday afternoon by Deputy United States Marshal George H. Burnham.

According to the terms of the order, trackbuilding, the construction of wharves and piers and dredging operations must cease until the case has been heard in the Circuit Court. The defendants named are the Western Pacific Railway, the American Dredging Company, John Doe, and the other usual fictitious names used to cover any possible corporations that may engage in the work.

The complaint was signed by E. E. Calvin, vice-president and general manager of the Southern Pacific, and by General Superintendent W. S. Palmer.

At 4 o'clock yesterday afternoon the deputy marshal crossed the bay in the Southern Pacific launch, Port Costa. He went first to the big dredger of the American Dredging Company. E. S. Johnson was in charge at the time, and on him the officer served the papers. After reading the order Johnson had the engine of the big pump shut down.

TO TAKE TESTIMONY.

In order to fortify itself in the position it has taken in building its tracks along the north training wall of the Oakland estuary, the Western Pacific Railway has got an order from Judge Ogden for the taking of the deposition of L. J. LeConte, a civil engineer, and first assistant to Lieutenant-Colonel William H. Heuer, Corps of Engineers, U. S. A., and a member of the California Debris Commission, who has charge and general supervision of Federal property on the coast. In an affidavit made the necessity for this deposition is set forth in the following language:

"V. G. Bogue, says that he is one of the vice-presidents of the Western Pacific Railway Company and that he has been served with a summons in the case entitled the Southern Pacific Company against the Western Pacific Railway Company; that he is desirous of taking the deposition of L. J. LeConte as a witness on behalf of the Western Pacific Company, as he is the only person known to him who can establish certain material facts required to be proved at the hearing of the order to show cause on the morning of January 12; that L. J. LeConte can establish the location of certain tide lines necessary to a determination of said order and certain other material facts; that L. J. LeConte is the only person who can establish these facts."

This affidavit was presented to Judge Ogden yesterday, who made the following order in the matter:

"Good cause appearing therefore, it is ordered that the time and place of the examination and the taking of the deposition of L. J. LeConte, as a witness on behalf of the Western Pacific Railway Company, shall be on the 11th day of January, at the hour of 2 o'clock p. m., and that a copy of this affidavit and order shall be served on the Southern Pacific Company, and that when so served the examination of the witness may be made at the of-

BILL NOT INTRODUCED.

"Another of the things which the Senator knows that are not so is that he 'presented the bill and had it reported to the proper committee,' for the fact is that the record shows he never introduced the bill at all, and consequently it could not have been referred to any committee. The Senator just handed his unprinted bill to me and demanded I should pledge myself to sign it before he had even introduced it."

"To sum it all up, the jovial, good-natured, independent and self-sacrificing Senator, who loves Oakland more than anybody or anything else in this world, and who always insists on being sure that he is right before he goes ahead, is, I am afraid, just talking again to hear himself talk."

SET FOR TRIAL.

Louis Babroski, a 17-year-old messenger boy, accused of enticing Lottie Steel, a 14-year-old girl, from her home in Emeryville, had his preliminary examination set for January 15 this morning by Police Judge Smith.

COME UP FOR TRIAL.

The injunction proceedings instituted by the Southern Pacific Company to stop the Western Pacific Company from laying its tracks along the north training wall of the Oakland estuary, comes up before Judge Waste tomorrow morning at 10 o'clock. The injunction issued orders the stopping of the work of laying the tracks, was disregarded by the Western Pacific Company, and an effort is probably to be made to show that they were not on lands owned by the Southern Pacific.

CLARK REMOVED.

He therefore informed the mother of the missing man, Mrs. Charles A. Clark, of 1021 Peralta street, that he was compelled to declare her son's position.

The official changes above referred to were then announced.

WHERE HAS HE GONE?

Speculation is rife as to what has become of the missing jailer. Some of his friends say that he is either in Betty or Bullfrog, in the mining district of Nevada, where he is engaged in running a saloon.

Others declare that there is no certainty as to what fate the future may disclose as having befallen him.

RESPONDENT.

This gloomy foreboding is based upon the fact, his friends say, that for some time Clark has been dissatisfied and even on the verge of despondency.

They also allege that his health had become impaired, and so he worried so much over this misfortune that they would not be surprised to learn that the missing man, in a moment of frenzy and mental aberration, had taken his life by throwing himself into the waters of the bay.

Of course, the future alone can tell which of the hypotheses is the most correct.

WHEN HE LEFT.

Under the rules of the jail, each inmate of that institution is allowed one day's absence from duty for rest and recreation each week. He is, however, in return for this accommodation to put in duty for one night in the jail.

Last Wednesday week was the day upon which Clark was to take his rest.

RETURNED NOT.

He absented himself from the jail on that day but when he was expected to report that night for duty he failed to put in an appearance.

Inquiry was made in certain quarters and it was ascertained that Clark would return the next day, Friday, but Clark did not report. On Saturday, however, it was said that he had been seen by someone and subsequently was reached in return that the missing man was sick in his mother's home on Peralta street.

NOT SICK AT HOME.

Sheriff Barnett made inquiry at that place for the purpose of aiding or consoling him if aid or consolation should be needed, but he at length became assured that Clark was not even at his mother's home.

This morning, after the appointment of White to succeed Clark had been announced, a TRIBUNE reporter called at the home of his mother, 1021 Peralta street, for the purpose of ascertaining whether she had any information as re-

IRON WORKS ENLARGES

PHOENIX IRON WORKS.

The past year has been especially prosperous for the Phoenix Iron Works, located at First and Castro streets. This concern owns valuable property between First and Second streets, on Castro street, and running almost to Brush street on the west. About fifty men are given employment here in the manufacturing of machinery castings, brass and iron goods, street and sewer castings, pattern work and machine repairing. This being an age of specialization, this company has been specializing in the manufacturing of castings for machine shops, their patrons being such large concerns as the United

Engineering Company, Hercules and Union Gas Engine Company, the G. W. Morgan Company and many large San Francisco concerns.

Those directly responsible for the degree of prosperity enjoyed by the Phoenix Iron Works are Messrs. W. L. Russell, president; D. Guild, vice-president, and B. Russell, secretary.

The proposed building of the West-ern Pacific lines near this company's plant makes its property very desirable. It is safe to predict a very large business for this company within the next few years, on account of the general growth of the manufacturing industries adjacent to their place.

NEW OFFICERS OF PLUMBERS, 44

THREE MEMBERS ARE INITIATED BY THE UNION—NOTES OF INTEREST.

The new officers of Plumbers' Union No. 44 are as follows: W. J. Ford, president; J. W. Coats, vice-president; E. Reichenbach, recording and corresponding secretary; A. C. Leffer, secretary-treasurer; A. E. Rakeley, A. L. Gordon, J. Brown, J. Scott, J. Barry, executive board; William Davis, inside secretary; A. Sousa, outside secretary; G. R. Rantz, statistician; J. Scott, J. A. Cook, William Ruffe, delegates to Building Trades Council; J. Scott, delegate to State Building Trades Council.

The union now has 18 members. Three new members were initiated Wednesday evening this week.

DISTRICT CARPENTERS.

Alameda County District Council of Carpenters' election of officers, this week, resulted as follows: Guy Raymond, president; G. Toyn of Hayward, vice-president; E. A. Horbet, treasurer; and Warden, E. Thompson, business agent. This is Mr. Thompson's fourth term in the very responsible office of business agent. Though there was previous talk of a number of candidates, when it came

to the vote he had no opposition this time.

CORRECTION.

The announcement yesterday of H. Armstrong as secretary of the Beer Bottlers' branch No. 6, was a mistake in names. H. Stromberg is the secretary, now serving his fourth consecutive term. Mr. Stromberg is a native son of California, born in San Francisco, and a graduate of the schools of that city, including the high school.

BRADLEY WINS HIS CASE IN COURT

Upon examining the witnesses in the case of Mrs. Porter against Hiram J. Bradley, it turned out to be a case of spite work on the part of Mrs. Porter, who has always been jealous of the friendship which had existed between her husband and Mr. Bradley. The case was thrown out of court, and the automobile, which Mrs. Porter claims as hers, is still in Mr. Bradley's garage on Fourteenth street. It is unfortunate that Mrs. Porter did not understand that if she owned the automobile there was quite an indebtedness to Mr. Bradley for repairs, material, storage, etc.

NO OPPOSITION.

LONDON, Jan. 11.—There will be no opposition to the re-election of Premier Sir Henry Campbell-Bannerman to represent Stirling District, the Unionist candidate, Mr. Murchison, being seriously ill, which caused the Unionist Committee to abandon their contest.

BARBER FORCES WIN OUT IN ALAMEDA

Tax Collector, Judge Ellsworth and Their Supporters Are Victors by a Four to One Vote.

ALAMEDA, Jan. 11.—A strenuous attempt last night to capture the Alameda Republican Club and wrest its control from the members of the old regime with whom were lined up County Tax Collector James B. Barber, Superior Judge John Ellsworth, Dr. Charles L. Tisdale, E. R. Anthony, P. S. Teller and other of the stalwarts, resulted, after the stormiest meeting ever known in the history of the organization, in a decided victory for the Anthony-Barber-Tisdale forces.

President Anthony was re-elected, defeating J. N. Young, a prominent attorney, pitted against him by the opposition, by nearly four to one. Phil S. Teller was made vice-president; J. B. Vosburgh, treasurer, and Al Kihn, president of the Alameda Boating Club, secretary. Kihn was placed in nomination when Frank B. Browning, who desires to have a free rein in the county fight to even up an old score, it is said, resigned.

STORMING PARTY.

The storming party, who arrived in force and made a desperate fight, Linderman Hall, where the meeting was held, being so crowded that many could not gain entrance, named Young for president, Joseph F. Porder for vice-president, George T. Morris for treasurer, and F. I. McCauley for secretary. After wrangling for hours the vote was announced after midnight by President Anthony as follows:

For president—Anthony, 221; Young, 66; Vice-president—Vosburgh, 153; Teller, 150. Secretary—Al Kihn, 167; F. I. McCauley, 64. Treasurer—J. B. Vosburgh, 153; George T. Morris, 66.

LARGE GATHERING.

Although the meeting was called for 8 o'clock, the small hall was well filled shortly after 7:30, and fifteen minutes later President Anthony opened the rolls for signatures. He delivered a brief address, declaring that the object of the club was solely for the advancement of the Republican party, and that the organization had never been known to be subservient to any man or order of men. This club represented the party in Alameda, and it had never descended to advancing any one man's interests.

THE NOMINATIONS.

Mr. Anthony was placed in nomination by Frank Otis, president of the Board of Education, in a glowing speech, which called forth prolonged applause. Then Dr. Tom Carpenter, in a well-worded speech, placed in nomination J. N. Young, when his followers yelled themselves hoarse. Al Kihn nominated Phil Teller for vice-president, and E. A. Randlett named Joseph F. Porder.

W. H. Noy was named for second vice-president, but declined to serve, saying that he would prefer to retire in favor of younger men. M. W. Simpson was nominated by Dr. C. L. Tisdale, but he withdrew his name in favor of C. R. Smith, who was the only nominee for this office. Philip Klerman was the only nominee for third vice-president. J. C. Fielding, named in a neat speech by James B. Barber, was the only nominee put up for the office of fourth vice-president. J. B. Vosburgh was placed in nomination for treasurer by T. W. Leydecker, while V. A. Dodd put up George Morris. In retiring from the secretaryship, Frank E. Browning took pleasure in placing in nomination for the office Al Kihn, which raised a storm of applause. City Clerk James W. Gillogly, of the oppos-

ing forces, nominated Frank McCauley for secretary.

METHOD OF VOTING.

A spirited argument followed as to the method to be adopted in voting. Mr. Anthony suggesting that it be by ayes and noes, as the constitution did not call for a ballot. The chairman said the by-laws provided that a roll call vote could be taken on request of five members. Dr. Carpenter then moved to vote by roll call, and the motion prevailed. Then it was urged that it would take all night by this method. A. P. Smiley then favored ayes and noes, and after more discussion this plan was adopted. The result was declared by Phil Klerman, who was called to the chair, to be a majority for Anthony's election.

Gillogly, Smiley, Carpenter and others protested that with the densely packed room the vote taken was unfair, and that no man could leave the room with a clear conscience if he abided by such a ruling. B. F. Lamborn wanted an adjournment taken to some other larger hall at a later date, so that all might vote intelligently, but his plan was not favored.

READY TO SHOW DOWN.

"Tonight is the date of the biennial meeting, and we all know why we came here, and every intelligent man knows what he is here to do," declared Dr. Tisdale. "I'm ready for a show down now, and I don't want to adjourn to any other meeting."

Motions and counter motions followed in rapid succession. Chairman Anthony said the change to a viva voce vote was taken at the request of his opponents, and he would submit that it was fair.

JUDGE ELLSWORTH.

Superior Judge John Ellsworth said that harmony among the Republicans of Alameda was more important than the selection of any one man. He had voted for Anthony, but he thought the vote should have been by roll call. He then moved, although admitting that he might be out of order, that the vote which had been decided as a majority for Anthony be declared no vote, and that the meeting vote again by roll call. Senator M. W. Simpson then amended this motion to provide that a vote be taken by ballot, as the roll was called, voting at one time for all offices. After more discussion this motion and amendment prevailed.

Charles W. Neal and A. Searle were made tellers, and they did not finish the count until morning. Meanwhile many exciting passages occurred between the opposing clans.

MISSOURI GIRL AT THE MACDONOUGH

"The Missouri Girl," which has been at the Macdonough Theatre Sunday, matinee and night, January 11, has been on the road continuously for the past eleven seasons and for five years, two companies having presented this ever popular play. It has probably covered less territory than any other play in the world in the same length of time on account of playing so many return dates.

Mr. Raymond soon discovered that he had a great repeater and has been playing at the same theaters year after year, to an ever increasing business. Most plays grow stale with the public after a few seasons and are either shelved or put out on the "night stand" at cheap prices with inferior companies. But the case of "The Missouri Girl" is exactly the opposite. The show is at present doing a record-breaking business, and this, in theaters where it has played as high as ten different engagements. The companies have been kept up to the standard of excellence and no pains or expense has been spared to make the productions strictly up-to-date and complete in every detail.

LOUIS JAMES.

The announcement that Louis James is to be here in most welcome, for the reason that the name of Louis James has been associated with the most pronounced successes ever achieved by the American stage, and to present him in a big revival of his most famous character, "Virginia," is indeed a happy consummation. The local stage has been benefited for so many moons with so-called comedies and musical entertainments, that the anticipation of a dramatic treat is most pleasing sensation. He plays Monday at the Macdonough.

STEAMSHIP LINES FORM A COMBINE

PORTLAND, Jan. 11.—A company known as the Independent Steamship Ticket Company was organized yesterday to sell tickets on all the independent lines running out of Portland to San Francisco, Seattle, Tacoma, Los Angeles, Coos Bay, Eureka and other coast points, and to provide for freight contracts to those points. The Evening Telegram states that the new company is really a combination of the independent steamship lines on the coast to fight the San Francisco and Pacific Steamship Company, which has connections with various Coast points. The latter company is a Harriman enterprise.

The Independent Steamship Ticket Company will also sell tickets from Seattle to Alaska.

PAY RESPECT TO GREAT BRITAIN

MEMBERS OF CHINA SQUADRON ARE ENTERTAINED AT MANILA.

MANILA, Jan. 11.—The British cruiser squadron on the China station, under command of Vice-Admiral Sir Gerard H. U. Noel, arrived here at ten o'clock this morning and was received with the usual formalities by the naval, civil and military authorities.

Admiral Noel returned the shore calls in the afternoon and was received at the palace by Acting Governor Ide, and at night by Major-General Corbin at a lawn party given in his honor.

A brilliant reception will be held on board the American flagship, the Ohio, on Saturday morning, and in the afternoon Admiral Noel will review the troops stationed at Camp McKinley.

On Saturday night one thousand American sailors will entertain an equal number of the men on the British ships at a banquet, followed by a vaudeville show at the Grand Opera House.

Numerous festivities have been arranged for the entertainment of Admiral Noel, and the officers and men of the squadron, the visit of which will be extended until Tuesday, January 16.

TOMPKINS MUST RETIRE

PRISON DIRECTORS WILL MAKE THE CHANGE NEXT SATURDAY.

SAN FRANCISCO, Jan. 11.—At the regular meeting of the State Prison Directors at San Quentin next Saturday Warden Tompkins will be retired and his successor elected. The Warden will be given an opportunity to resign, but should he decline to do so, the Directors will declare the Warden's position vacant and make public their reasons for so doing. The present intention of the Prison Directors is to make John Edgar Warden of San Quentin. Each has served as captain of the yard at the prison across the bay for many years.

The Directors, in referring to Warden Tompkins say his temperament is such that he has been in continual conflict with the Directors because of his violation, in spirit, if not in letter, of the rules of the prison as laid down by the Board. No matter what the rules or wishes of the Board may have been, the Warden, it is charged, persisted in exercising his imperial will in all matters. The system of punishments at the prison has been unsatisfactory. The Directors instructed the Warden to make a record of each punishment, that it might be reviewed by the Board. The Warden neglected to do so, on the ground that he "did not deem it necessary."

Complaint is made that Tompkins has taken to himself the credit of all the improvements in management, reduction of expenses, abolition of graft and other measures adopted to the advantage of the institution, whereas not one originated with him. A Director, alluding to the situation, said: "Tompkins is the worst Warden San Quentin ever had, and that is saying a good deal."

GUILTY OF THREE CHARGES

BARTENDER MUST PAY A FINE OF \$115 OR SPEND 57½ DAYS IN JAIL.

David Ekstrom, a bartender, who on December 20 last fought with Policeman Scanlan, was this morning sentenced to pay a total fine of \$115 on three charges, or spend fifty-seven and one-half days in jail.

The defendant was accused of battery, resisting an officer and of using vulgar language.

He pleaded in extenuation that he was under the influence of liquor at the time and did not know what he was doing.

BOARD OF WORKS IN WEEKLY SESSION

The board also authorized the Superintendent of Streets to construct a box culvert at the head of Lake Merritt to prevent the water from draining upon the boulevard.

Councilman Atkins made application to the board for three bituminous crosswalks on East Fourteenth street at the intersection of Eighteenth, Nineteenth and Twentieth avenues. The application was referred to the Committee of the Whole.

An ordinance authorizing the expenditure of \$1650 for the purchase of a lot on Magnolia street near Fourteenth street, to be used for a power house, was also referred to the Committee of the Whole.

The board authorized the destruction of two fire horses, Tom and Don, who have been in the department for sixteen years or more. Both horses are incurably lame.

THE LATEST NEWS OF THE DAY--4:30 P. M.

LAST MAIL OFFICER ACCUSED OF SUITS ARE WRECKED ACCEPTING BRIBE

Block Signal Saved the Secretary-Treasurer of Milk Wagon Drivers Deposed by Union; Denies the Ugly Charges Made Against Him.

SAN FRANCISCO, Jan. 11.—The Milk Wagon Drivers' Union, No. 228, or more properly speaking, the Milk Wagon Drivers' Benevolent and Building Association of this city, is torn and rent with strife. At a stormy secret session last night, held by over 300 of its members at the organization's headquarters on Howard street, Alexander Djeau was deposed as the secretary-treasurer of the body, and a man named Decker was elected in his place. The vote stood 193 for Decker and 124 for Djeau, which in itself speaks mildly of the bitter contest that was waged for supremacy.

UGLY CHARGES MADE.
The faction which succeeded in ousting Djeau was led by Edward F. Schultz, a dairyman who once belonged to the union, and by President Shanno, Bert Swanton and Dr. J. A. Bohn.

Ugly charges of grafting and petty dishonesty were flung about the room and many accusations were filed against Djeau just prior to the holding of the election.

Briefly summed up, Alexander Djeau, who has been the head and front of the powerful Milk Wagon Drivers' Union for a long time, was openly accused of accepting bribes, of sharing in certain alleged graft

moneys, and with transforming the union into a benevolent society for his own personal gain. As against this onslaught Djeau denied point-blank that he had ever received a bribe, although the same had been tendered to him; denied that he had shared in any graft moneys or knew anything about the same, and positively declared that he had worked only for the good of the order.

OLD FEUD CROPS OUT.
The ousting of Djeau as secretary-treasurer, and the election of Decker, marks the culmination of one of the most bitter and extraordinary union labor disputes this city has ever known. Extending over a period of nearly four years, warring factions have been seeking each other's downfall until Schultz has triumphed for the moment as the leader of one body of members, and Djeau has taken a firm stand on the defensive with a loyal minority.

DJEAU SAYS HE IS INNOCENT.
Djeau claims to be innocent—vows he will wreak summary vengeance upon his traducers, and insists that he has the Milk Wagon Drivers' Union at such a complete disadvantage that the organization will have to make terms with him or go to smash. He holds a five-year contract with the union for the handling of certain building projects. He says he will insist that the terms of the same be lived up to. He was about to finance the erection of a building for the union on the site of the old Druids' building on Bolson street, between Thirteenth and fourteenth streets, and he has withdrawn from this now, leaving the union embarrassed and unable to meet a payment of \$5000 or \$4000, which will be due in a few days.

Southern Pacific Will Battle Only in the Federal Courts.

A dismissal of the two suits instituted last Saturday by the Southern Pacific Company, one against the American Dredging Company and the other against the Western Pacific Company, was filed with the County Clerk this afternoon, and seemingly the fight between the corporations has been transferred from the local courts here to the Federal courts in San Francisco, where similar actions have been begun.

The injunction issued by the local courts was not observed by the Western Pacific nor the American Dredging Company on the ground that they were neither dredging nor laying tracks on ground covered by the writs or owned by the Southern Pacific Company. Yesterday injunctions were used out in the Federal courts and these were served on the two companies, and they immediately stopped their work, and from the dismissal of the cases here it would look as though the Southern Pacific Company had come to the conclusion that the State courts was not the proper place to try the actions.

VALUE OF SUGAR INCREASING

ITS CONSUMPTION IN THE UNITED STATES DOUBLED IN TWENTY YEARS.

WASHINGTON, Jan. 11.—The value of sugar brought into this country during 1905 was far above that of any earlier year, according to a bulletin issued by the Bureau of Statistics of the Department of Commerce and Labor. The bulletin says:

"The value of sugar imported during the eleven months of 1905 ended with November 5, was \$148,575,345, of which \$11,485,256 was from the non-contiguous territory of the United States. The estimate is that the total sugar imports for 1905 will aggregate considerably above \$150,000,000, while the highest figure in any fiscal year prior to 1905 was \$127,000,000 in 1894, when an unusually large quantity was imported in anticipation of a change in the tariff.

"The United States is increasing steadily and rapidly in its consumption of sugar, and importations have doubled in the last twenty years, while the population meantime increased but 50 per cent. The United States is the largest sugar consuming country in the world. The average consumption for each individual in 1904 was about seventy-five pounds. The United States consumes about one-fourth of the sugar production of the world.

"Nearly all the sugar brought into this country is produced from cane, and the United States consumes fully one-half of the cane produced in the world. Cane sugar is forming at present a larger proportion of the world's sugar supply than during 1880-1902. Among the countries contributing to the sugar consumption of the United States for the fiscal year 1905 were:

"Cuba, 2,057,690,339 pounds; Java, 999,394,675 pounds; Hawaii, 892,721,387; Porto Rico, 271,319,993; Germany (principally beet sugar), 205,044,302 pounds; West Indies (other than Cuba), 202,639,353 pounds; South America, 168,557,528 pounds; Philippine Islands, 77,997,424 pounds.

"The domestic crop of 1904 was 1,167,250,560 pounds."

MARBLE CHAIRS.

BERKELEY, Jan. 11.—President Wheeler recently suggested to the secretary of the graduating classes that each class provide one or more marble chairs for the extreme right facing the stage and the arrangement of the remaining chairs will extend to the left by classes, in chronological order. There are 100 seats in this row, and it is hoped that it may be filled by chairs in honor of the outstanding classes and of the alumni of the University.

HIS ARGUMENT.

SAVANNAH, Ga., Jan. 11.—When the United States Court met today, Judge continued his argument in the Green-Gaynor case. He said that three defendants could not be tried except for the particular offense for which they were extradited; that they were not extradited for conspiracy, and that they now are put to plead on an indictment charging them with conspiracy.

CITY COUNCIL.

The committee of the City Council will meet tonight to consider the routine matters before it.

BOYD MAY HAVE BEEN MURDERED

BERKELEY, Jan. 11.—There is a working on the theory that possibly Boyd was murdered. The affair has created a great sensation here and officers are working in every direction to try and unravel the mystery.

A few days ago Mr. Boyd gave a party at his home. He and his wife entertained a score of friends. They had a jolly evening.

Shortly after Boyd retired he was taken suddenly ill and died in a few minutes. His wife said that he had fits before and that he was a victim of epilepsy.

The officers at Berkeley are now

FIGHTING HARD TO SAVE HASSE.
Still fighting in an effort to show that the bills presented by Otto L. Hassa cannot be claimed as false and fraudulent for the reason that they were made out in the name of the Central News Company, Attorney Lin Church spent the morning in argument before Judge McManis, and the jury were finally dismissed and the case came back on Monday. The point was raised yesterday afternoon as soon as the jury had been secured and an attempt was made to show that Hassa had sworn that the bills were true and correct before Deputy County Clerk Rogers.

Church is making his fight at the outset of the trial to shut the case off from a hearing on the ground that the indictment brought against Hassa by the Grand Jury was faulty in that the bills, being made out in the name of the Central News Company, were not valid as there was no such entity as the Central News Company. He states that the Board of Supervisors had no right and could not enter into contracts with the Central News Company, it being merely a name applied to a store or location with a private person at its owner.

His argument is that if the bill is invalid on its face the presenting of such a bill could not be deemed as an offense. To make it an offense it must be one that the Supervisors would have a right to pass and this he claims is not such a bill as the one presented. Under the present indictment Hassa is being tried on the ground that he knowingly presented bills which he knew to be false and fraudulent, while the bills were cut down by the Board of Supervisors nearly a \$2000 as being evident overcharges the indictments drawn by the Grand Jury insinuated only such charges as it is believed it can be proved were intentionally put into the bills.

James Fitzpatrick was charged with arson today in a warrant issued by Judge Quinn, at the instance of Frank Lawson, attorney for Mrs. Honora Bentley of Berkeley.

Judge Harris recently issued an order electing Fitzpatrick from the Bentley property and the Sheriff proceeded to put the man and his belongings into the street, then locking the door of the house. Later, it is alleged, Fitzpatrick broke into the house and set fire to the building in several places. It is believed that he was seen after he had

MANY ARE INJURED

ST. LOUIS, Jan. 11.—Plunging from the terminal elevated tracks at Carr street, a Pullman sleeping car attached to the Washburn train due at Union station at 7:30 a. m. dropped sideways fifteen feet to the granite pavement on the levee. Ten persons were injured, one seriously, as follows:

W. E. Miner, Roswell, N. J., knee cap broken.

Mrs. J. G. Pomeroy, Chicago, injured internally.

J. Regensburg, New York, head cut.

Mrs. D. E. Felt, Chicago, ribs broken.

J. W. Patterson, Milwaukee, arm broken, head cut, ribs broken, unable to speak.

Caroline Pomeroy, Chicago, nose lacerated.

Mrs. Lorena Dowmer, St. Louis, arm, side and chest bruised and cut.

Charles E. Sutton of Providence, R. I., back wrenched.

The remainder of the train continued on to nearby houses and factories broke open the vestibule of the sleeper and carried out the injured, who were taken to the hospital. There were thirteen passengers in the car, twelve adults and a little girl.

The Pullman was the last car and the breaking of its coupling prevented other cars from being dragged down the track. It jumped the track, the front end of the car struck on a pile of lumber and was stove in.

GOULD'S ATTORNEY IN SAN FRANCISCO

SAN FRANCISCO, Jan. 11.—The legal forces of the Western Pacific were repositioned last night by the arrival of Judge J. F. Valle from Denver. Valle is one of George Gould's highest-salaried attorneys, and is chief counsel for Gould's two Rio Grande roads. It was Valle who prepared the organization papers for the Western Pacific and later prepared the necessary legal documents by which the Western Pacific issued \$75,000,000 in stock and a like amount in bonds.

His coming to San Francisco is no reflection on the lawyers who have been handling the Western Pacific's fight for a transfer of the road. Valle is a veteran in such fights and has on more than one occasion helped Gould's fight against some of the big Middle West roads when the latter claim that of way were involved.

Valle is now the chief counsel of the road and was with Valle in some of the most difficult fights. That is why Gould wanted Valle on the scene, and that is why he would not let him go.

Half an hour after his arrival last night Valle was closeted with Bogue and the local attorneys in their offices in the State Deposit building and remained there until a late hour. The situation, however, is all the more serious, as the thoroughly dis-

used by Valle and Bogue, and then the local attorneys reviewed the litigation arising therefrom, with the Denver man. Everything was touched on, including yesterday's sweeping Federal injunction on behalf of the Harman road and against Gould.

That an answer to this injunction was begun last night by the Western Pacific's attorneys is known. They expect to complete it some time this afternoon or tomorrow morning.

Mr. Valle was asked for an expression of opinion regarding the present status of the battle. He said that in so far as the contest was subject to the action of courts, the latter must and would be obeyed. He would not say, however, that the subject would serve any good purpose, and therefore felt bound to decline to talk.

SECRET SESSION.

WASHINGTON, Jan. 11.—Senator Bacon took the floor in the Senate today on a point of order on his Moroccan resolution, contending that it had not been considered by the Senate and had been improperly sent to the calendar. He argued that he could not say what had occurred when the question was introduced in secret session, but when pressed, said that if permitted to do so he would say that the resolution had not been considered at that time. On the suggestion of Mr. Morgan the Secretary at 1:35 p. m. went into secret session for the consideration of the same.

DEBATE ON THE LARGE BANQUET

TARIFF BILL AT ALDEN

THERE WILL BE NO INTERRUPTION WHEN BIG TALK TAKES PLACE.

WASHINGTON, Jan. 11.—That there may be no interruption of the general debate on the Philippine tariff bill until it is concluded, Pension Day, which occurs Friday, was displaced by unanimous consent until the day after the vote on the pending bill.

Mr. Evans gave a notice that unless unanimous consent should later be given to close general debate Saturday he would demand a vote on a motion to close debate when the House meets Monday.

Mr. Grosvonts, of Ohio, took the floor in favor of the bill. He reviewed the causes of the Spanish war and declared the American people could not then shrink their duty. No more can they now shrink the consequences of that war.

MANY REFORMERS ARE PRESENT

CHICAGO, Jan. 11.—Reformers from many cities gathered here today to attend the opening session of a conference of the Municipal Voters' League of this city to discuss the subject. The extent there, which municipal elections should be separated from national political parties, and the control of national political parties, and the best means by which such separation, as may be deemed advisable, can be brought about.

More than fifty delegates had registered before the meeting was called to order by President Walter L. Fisher of the Municipal Voters' League of this city.

Among those present were L. A. Laughlin of Kansas City, and James H. Causey of Denver.

A few of the suggestions made by the speakers for the separation of national and municipal politics are:

"That the election should be held up on different dates.

"That it should be impossible to vote a straight party ticket by a single cross upon a ballot, and that the names of all candidates should be arranged upon the ticket in alphabetical order.

"The reduction of elective municipal offices as far as possible."

An adjournment was taken after an appointment of a committee on resolutions and rules.

The meeting will continue until Friday evening.

FAVORS ELECTION BY POPULAR VOTE

COLUMBUS, O., Jan. 11.—Senator Meek's resolution declaring in favor of the election of United States Senators by popular vote was unanimously adopted today. Senator Wood said that Senators who could probably not be elected by popular vote were blocking the President in his effort at rate legislation. The spectacle of one Senator dying in disgrace and another convicted of a felony was before the country, and showed the method of electing them should be changed.

GEORGE M'BRIE DYING.
SACRAMENTO, Jan. 11.—Former Congressman George M'Brice of Oregon has been seriously ill for several days, but at the Golden Eagle Hotel in this city. The ex-Congressman has been visiting with friends here. When he was taken ill an attempt was made to keep the matter secret, but the information leaked out today that the Oregonian's condition was quite serious. M'Brice was once a Federal Judge in Idaho.

GETS CONTRACT.
NEVADA, Cal., Jan. 11.—A contract has been awarded to W. P. Oliver of Grass Valley for making 25,000 grade stakes for the California Midland Railroad Company. This indicates that actual construction work will soon start on an electric road to connect this city with Auburn and Marysville. John Martin is the promoter of the proposed road. All the rights of way have been pledged and it is expected that construction will be completed inside of one year.

BIG SWINDLE IS TELLS STORY OF ROOSEVELT IS AN UNCOVERED FATAL FIRE REDMAN

BOGUS RAILROAD CERTIFICATES VALUED AT THOUSANDS ARE AT LARGE.

NEW YORK Jan 11—Following the arrest today of Samuel Humphreys, a newspaper writer, on a charge of selling bogus certificates of 100 shares of the Norfolk and Western Railway Company to a dealer in securities in this city it was learned that 500 of the bogus certificates were printed and that the operations appear to have been planned on a large scale.

As only four or five of the certificates have been discovered and each of them is for 100 shares with an aggregate market value of about \$5000 it is evident that the amount realized by the operators is very large if they have disposed of many of the certificates. The police say that they believe that at least three men had a hand in the transaction.

Humphreys was arraigned on an indictment alleging that he acted in concert with C. Augustus Selon in selling a forged certificate to Barnard & Clark of this city last September for \$500. He was held in \$500 bail for examination tomorrow. In default of bail he was remanded to police headquarters.

CASES CONTINUED.
George Clark, William Peters T. A. Jones, J. J. O'Brien, P. N. Anderson and George Hynes accused of gambling by playing an unlawful game of cards had their cases continued until February 7 by Police Judge Smith this morning.

GUILTY OF FIGHTING.
Adolph Brunning and Daniel P. Barry, two youths who pleaded guilty to disturbing the peace by fighting on New Year's Day at the corner of Seventh and Washington streets, were this morning fined \$5 each by Police Judge Samuels.

PEOPLE JUMP TO DEATH WHEN NO DANGER THREATENS THEM.

MINNEAPOLIS Minn., Jan 11—Mrs. Wood, one of the owners of the West Hotel speaking today of the fire which yesterday cost eight lives said: "The side of the house from which the men and women jumped was farthest from the seat of the fire and there was not even a flame in the bulk that would have accounted for the undue excitement of the guests."

"The people who were killed on the sixth-story side of the building lost their heads just long enough to result in death to themselves. If there had been some restraining hand it is the critical moment I am sure that the mentally would have been much less as it was unnecessary in that part of the building at least."

"We will begin immediately and make sure that part of the hotel and of course there will be improvements. Our loss is fully covered by insurance."

DISTURBS THE PEACE.
Police Judge Samuels this morning found John Pacheco and William McElhight guilty of disturbing the peace by giving an exhibition of the penno by the streets of East Oakland. The fight was of an impromptu order and was encouraged by a number of spectators, who scattered however in all directions on the appearance of Deputy Constable Damerval, who made the arrest.

MINISTER ON TRIAL.
OMAHA, Jan 11—The case of Rev. George Ware, president of the U. F. I. Catholic Company, charged with conspiracy to defraud the government of public lands, went to trial today Judge Minger having overruled the motion to quash.

NATIONAL OFFICERS OF ORGANIZATION CONFER DEGREE ON PRESIDENT.

WASHINGTON, Jan 11—President Roosevelt today was made an honorary member of the Improved Order of Red Men. The ceremony took place in the President's private office at the White House and was participated in and witnessed by many prominent members of the order.

The national officers of the organization called at the White House to present to the President a beautifully engraved set of resolutions adopted at the national convention of the order at Nashville Tenn., last September, commending of the President's efforts towards bringing about peace between Russia and Japan.

The order is 112 years old and this was the first time an honorary degree ever was conferred.

STANDARD OIL CASE CONTINUED.
NEW YORK, Jan 11—The hearing before a commissioner in the case of the State of Missouri against the Standard Oil Company of Indiana and two other companies doing business in Missouri was adjourned today until 2 o'clock this afternoon by agreement of counsel.

LOUIS BAKER HAS BEEN INDICTED.
SAN FRANCISCO, Jan 11—Two indictments have been found against Louis Baker, the recent lover of Lulu Bowen, who stole from the postoffice. The officers are trying hard to locate Baker.

BEWARE OF BOGUS \$5 PIECES

Counterfeit Coin is Being Passed in Oakland and Vicinity.

A passer of five-dollar gold pieces, declared by those who have received them to be counterfeit, has operated rather extensively in the eastern part of Oakland and in Fruitvale of late.

The man is described as dark complexioned with a dark moustache, and of medium build. That is the best description of him that has been obtained up to the present time.

So far as known, all the victims have been storekeepers. Among those who are reported to have suffered by the stranger's visits are L. D. Adams, the grocer, of Sixth avenue and Twelfth street; Alfred C. Hammell, confectioner, of 1233 Twenty-third avenue; Mrs. Hearst and Mrs. Hyslop, near the corner of Twenty-third avenue and East Fourteenth street; Gates & Thompson, grocers, of Seminary avenue and East Fourteenth street, and Mrs. J. H. Oleen, of High street and East Fourteenth.

The counterfeiters are in all cases described as perfect enough in size, words and general design, but lacking in weight and ting, and as being some sort of composition metal, or possibly silver plated with gold. Another peculiarity of the plating is that it rubs off comparatively easily.

In most of the cases the pieces were received in such a way that they could not be traced to the party who presented them. Generally, their falseness was not noticed until probably a day or two after the receipt of them.

The idea that their circulation or utterance is the result of a systematic plan has resulted from the carrying of the news from one merchant to another by drummers who happen to call on all those who are here mentioned, and the sameness in character of all the false pieces. In one case the merchant had reason to believe that the false piece was substituted for a good one which he had given a collector while he turned to make an entry in his blotter.

In another case, that of Mrs. Oleen, a man came in in the evening and asked for a five-cent package of tobacco, and offered the gold piece in payment. She told him she could not change it just then, and, after some hesitation he pulled out a handful of silver and paid the bill.

Some of the instances noted occurred some weeks ago, and others more recently. About two months ago the car men on the Hayward line complained of counterfeit five-dollar gold pieces being offered them, and of a number of the conductors having been deceived by them. They were then credited with emanating from Alameda, as near as they could ascertain.

The drummer through whom notice of these counterfeiters came reports that the same kind of a counterfeit was passed on a mercantile friend of his on Market street in San Francisco a few days ago.

BURNS CONCERT

Mackenzie Gordon, Armory Hall, January 25, 1906

WILL SOON NAME A NEW PRESIDENT

SAN FRANCISCO Jan. 11.—In commercial circles it is whispered around that a new president of the Pacific States Telephone and Telegraph Company is about to be appointed. It is three months since John F. Sabin passed away, and as yet no words as to his probable successor have been breathed from headquarters. It is only now that Frederick F. Fish, president of the American Telephone Company, which controls the Pacific States system is sojourning here that the business community begins to wonder what is about to take place in the red building on Bush street. For it is known that Mr. Fish's stay on the Coast is to be brief, and there is a general impression that before he leaves he will confer with the directors and name some one to fill the vacancy. And as the post is worth \$25,000 a year naturally enough people wonder upon whom the choice is to fall.

LAUGHABLE PLAY AT YE LIBERTY

The public seems to never tire of Hon. Judson Rustle's play, "The Hills of California," and popular Frank Bacon seems to be as strongly identified with the play in the hearts of the public as Denman Thompson with "Old Homestead." The part certainly fits Bacon in every particular and the entire cast is so well placed that the Liberty is drawing full houses and the audience leave with a feeling of satisfaction that is most gratifying to both the popular players and the management. The Bishop management is one with the policy of expansion and each production vies with the previous one for general excellence.

We are promised some splendid plays during the next few weeks, including some never before played by a stock company. Next week the rollicking musical farce comedy, "Off the Road," by Ed Kruschnke of the University of California, will be given for the first time on any stage.

SCORES A SUCCESS IN NEW YORK

An interesting bit of information is found in the New York Journal of December 27, wherein it is stated that the "County Fair" is in full swing at the Madison Square Garden, New York.

Miss Alta Yolo, contralto, is one of the leading singers in the play. There is a little of everything mixed up in the "County Fair," but Miss Yolo "sings the songs that grandma used to sing, accompanied by the Twelfth Regiment Band."

She has made a great hit in New York, her work being fully appreciated.

Miss Yolo is the wife of Gavin D. Hyde, a well known newspaper man, and formerly a resident of this city.

BEACH DEAN TO WED.

An announcement which will occasion great pleasure in social circles is that of the engagement and prospective marriage of Beach H. Dean, of this city, and Miss Doris Heuer, daughter of Mrs. Doris Heuer, of San Francisco.

The marriage will take place in the summer, and, in all probability, in the month of June.

It has been known for some months that a tender feeling, which was bound to end in a closer relationship, existed between these young people, but this is the first time that the announcement of the engagement has been authoritatively made.

Miss Heuer is among the fairest of the daughters of San Francisco. She has the elements of grace, beauty, modesty and gentleness which make her welcome among the younger people in the social circles on this as well as on the other side of the bay.

She is a member of one of the oldest families in San Francisco. Her father, who is deceased, was one of the earliest and most successful business men of that city and it was there that Miss Heuer was born.

Beach H. Dean is a member of the Dean Law and Collection Agency of this city, in which he has been associated with his brother, William E. Dean. He is one of the best known and appreciated young men of this city. He is a native of Sacramento, though he has long resided here. He is a director of the Reliance Athletic Club, a member of Oakland Lodge B, P. O. E., past-president of Athens Parlor, N. S. G. COURTMARTIAL IS NEAR AN END

TRIAL OF CASE OF STEPHEN DECATUR JR. MAY CONCLUDE TODAY.

ANNAPOLIS, Md., Jan. 11.—The trial by courtmartial of Midshipman Stephen Decatur Jr. on charges of hazing and of encouraging and countenancing hazing, was resumed this morning. Only one other witness was introduced by the prosecution. The trial of the case will probably conclude today, Decatur being one of the witnesses.

Midshipman P. E. Marzoni resumed the witness stand after the record of yesterday's proceedings had been approved.

The court ruled that the witness must answer the Judge Advocate's questions, but might confine himself to the testimony already given in the previous case against Decatur.

EMPEROR REFUSES REQUEST

Russian Ruler Threatens to Take Away Rights Given People.

ST. PETERSBURG, Jan. 11.—Premier Witte, according to the Novoye Vremya, at his reception yesterday of the delegation headed by the Mayor of St. Petersburg, which called on him to request a relaxation of the orders of the Prefect of Police against meeting in the interest of the electoral campaign, declared emphatically that the government would not go an inch beyond the imperial manifesto in the question of transforming the national assembly into a constituent assembly for the purpose of formulating a constitution, and will not tolerate and attempt to do so, which would make it a revolutionary assembly and subject to dissolution by the Emperor.

The Novoye Vremya also claims that the Premier announced that the Emperor had not abrogated autocratic power, and could still by an imperial manifesto broaden, abridge or even abolish the rights granted to the people.

Continuing, the paper quotes Premier Witte as saying that much is expected of the Manchurian army in the restoration of order in Russia.

Only the rear forces, otherwise the reservists, comprising thirty per cent of the army, are demoralized.

The remainder are in splendid condition.

LARGE FIRE IN SOUTH

Douglas Building in Los Angeles Has Narrow Escape.

LOS ANGELES, Jan. 11.—Fire broke out in the fifth story of the Douglas Building at the northwest corner of Third and Spring streets, a large modern office building belonging to the Stimson estate, and before the flames were extinguished damage to the extent of \$20,000 was caused by smoke and water.

The fire is supposed to have originated from the electric wiring in the attic of the building and was with difficulty prevented from spreading throughout the structure and to adjoining buildings.

The Southern Pacific occupies the largest space in the building with its local offices and headquarters for its local passenger and freight bureaus, but suffered comparatively small damage. Many professional men suffered losses to libraries and other office property from smoke and water.

CASSIE L. CHADWICK TO PRISON

Court Directs That She Shall be Taken to the Penitentiary.

CLEVELAND, Jan. 11.—United States Marshal Chandler today received a mandate from the Circuit Court of Appeals, directing him to carry out the judgment of Judge Taylor, of the United States District Court, in the case of Mrs. Cassie L. Chadwick.

This means that Mrs. Chadwick will be taken to the State penitentiary at Columbus without further delay, to begin her sentence of ten years' imprisonment.

Marshal Chandler expects to start for Columbus with Mrs. Chadwick tomorrow morning.

NEW AMUSEMENT COMPANY PLANNED

SAN FRANCISCO, Jan. 11.—The formation of an amusement company for the purpose of constructing a building for San Francisco, modeled on the plan of the Madison Square Garden of New York, foreshadows the doom of the famous old place of amusement, Central Park. The old grounds that have witnessed many the city's great exhibitions of the past has passed into new hands. No more will athletes contend in the time-honored park where some of the country's greatest ball players once displayed.

In the old days when D. R. McNeill first took charge of the park, the place was the scene of ball games, walking matches, races, balloon ascensions and the like. With the change in management, McNeill, who has for so long a time been lessee and manager, gives place to a local and popular young business man, Roy Mauvais, with whom is placed the capital of several prominent business men of San Francisco. The plans of amusement of the new company are not announced, but something new is promised by the first of March. It is understood, however, that the lessees will erect on the time-honored circus grounds a building which San Francisco needs. The prospective amphitheater will be arranged so as to have the spectators within the hearing of a speaker standing in the center of the building. To do this the seats will be highly banked. It is planned to hold boxing matches and to place San Francisco in line in bidding for conventions and spectacles.

Portions of the report indicate that the problem presented consists practically of reconquering the whole country south of the mountains.

It also contains an urgent appeal for reinforcements.

GRAVEYARD YAWNS FOR CORBETT OR HERRERA

FIGHTERS IN FINE FETTLE

LOS ANGELES, Jan. 11.—The sale of seats for the Young Corbett-Herrera fight next Friday night has opened and Manager McCarey of the Pacific Athletic Club is anticipating an unprecedented rush for the choice cushions. The interest displayed in the contest between the little fellows warrants McCarey's prediction that the largest house in the local history of the ring will be on hand to watch the contest.

Orders have already been received for reserved seats and fully \$2500 worth of the best in the house have been sold for mail orders. The interest from outside towns is evident and every morning McCarey's postman brings letters asking for reservations.

BOTH CONFIDENT.
Both men are filled with confidence and neither apparently feels that he has a chance to lose. In his letters home to Bakersfield, Herrera has advised his friends to bet all they have on him, and Young Corbett has done the same with his cronies.

Herrera's superb condition is most pleasing to his backers, who did not like the shape he was in when the Mexican whirlwind fought Eddie Hanlon here a short time ago. At that time Herrera looked weak and drawn, but now he is the picture of rugged strength. According to Herrera's statement, Young Corbett might just as well stay at home as to expect to win the long end of the purse. "I am in the best shape of my career," said Aurelio, "and if I don't win, it will be the biggest surprise of my life. It doesn't matter whether Young Corbett fights with all his old-time skill or not, because I am prepared for any kind of a battle and won't be denied. It can't come too fast for me."

CORBETT HAS TRAINING.
Young Corbett just smiled when he heard that he was expected to win. "Why, there's nothing to it but this boy," he said. "I might have overlooked a couple of bets in the training line in the past but this time I have left no stone turned to get in the best shape of my career. Both my hands are ready for the best punch I can send in, and there isn't a chance for me to lose. I have all my old-time strength, and what I will do to Herrera will be a plenty. I will fight him the same as I did Terry McGovern, and this time I will send in the punches that count."

Friday's fight means much to both men. If he is defeated Young Corbett will have to go back with the rest of the crowd to the coast, and if Herrera is the unlucky man it will be up to him to get down to fighting in short preliminaries for whatever he can get.

HERE'S A NEW JOB FOR THEM

LOS ANGELES, Jan. 11.—Jockey MacKenzie, one of the old timers, is a game one. He took the corner of the tower at Agricultural Park, but lost the \$100 through his failure to stick on the horse's back after the water. The horse struck the water, striking his face on the animal's neck. It was a wonderfully thrilling spectacle and the big crowd present was more nervous at the start of the dive than the rider. To see the horse leap leading through the water into the water was something startling, but with a man sticking on the back of the animal was really nerve-straining. A great cheer went up when the jockey seemed to leave the platform and shoot into the water with MacKenzie holding his position, and the crowd roared when the water, many rushed forward to shake his hand and pat him on the back.

SANTA CLARA HAS A NEW COACH

SANTA CLARA, Jan. 11.—Baseball practice for the coming interscholastic season commences tomorrow for the aspirants to the Santa Clara College team. Wallace R. Bray (Harry Hearn), of Tacoma, who has been selected as coach, arrived at the college here. He will have Collins, Byrnes, Captain Volter, Russell, Kline and Stewart, of last year's team, as his nucleus. The first game of the season is all probability will be with Mather Bros. in the early part of February.

BEST HORSES ON THE AMERICAN TURF ARE ENTERED IN THE BIG HANDICAPS

BY BAYARD RILEY.
With the partial publication of the entries for the three big spring handicaps, the Brooklyn, Suburban and Brighton, stay-at-home racegoers are given up long distance guessing as to the probable performances of the perennial purse-chasing players at New Orleans. They have set themselves the more congenial task of trying to forecast, each according to prejudice and ability, the schedule of weights to be issued later by W. S. Voseburgh, official handicapper for the Jockey Club.

Synsby, outstandingly the champion of 1925, and by many usually conservative judges acclaimed the horse of the century, is entered in all three events. The majority of experts and laymen alike are agreed that the great English colt will be the top weight. His remarkable achievements of last year certainly entitle him to that undesirable distinction. The entry of Hermis in the Brooklyn lends an added angle of interest, not

AURELIO HERRERA, THE MEXICAN LAD WHO IS TO MEET YOUNG CORBETT AT LOS ANGELES TOMORROW NIGHT.

LITTLE CHOICE BETWEEN FITZGERALD AND LEWIS

Birling has not yet begun upon the Fitzgerald-Lewis contest, scheduled for tomorrow night at Colma, but it is expected that by tonight enough money will be brought into the poolrooms to set the price. At present the poolsters state that they don't know what the odds will be if any. In fact, it looks as though all of the betting that is done will be in the neighborhood of even money.

Both of the fighters have practically finished their work. Lewis working at Miller's in Colma, has been watched carefully by a different coterie of sports each day during the past week and has won many friends by his aggressive style. He is a hard worker and with Joe Thomas and Harry Foley as his sparring partners, he has rounded into good form and will have no trouble in making the weight called for, 135 pounds, at 4 o'clock in the afternoon. Lewis is

naturally heavier than Willie Fitz and will have an advantage of several pounds, as "The Harp" has got down pretty light in his work with Joe Gans at Colma's and will not weigh much over 125 pounds when he steps on the scales.

Although not having to bother about the weight problem, Fitz has trained hard and faithfully and is now in better shape than he has been in any of his fights in California. Joe Gans has helped him more than a little in his work of getting into condition and will further assist him from his corner at Colma tomorrow night. Johnny Reid the affable manager of "The Harp," says it is a "pipe" for his boy and that he is waiting for the betting to start to get down a healthy chunk of currency.

From his Eastern reputation as a sub-smasher, and his good work at Miller's, Lewis, on the other hand, is rated highly by the wise ones and it would not be a surprise at all if he should be made a slight favorite in the wagering.

BALL HAS NO CHARM FOR COFFROTH
James W. Coffroth announced positively last night that he will not accept the proposition made to him to manage the San Francisco Baseball Club for the coming season. Coffroth was the candidate for the job most prominently mentioned among those who are close to the new owners of the team. He said last night, "I have given the proposition to manage the ball team thorough consideration and have decided not to accept. That is final. It is not that I do not think that there is money in the game, but that I haven't the time to give to it. To make any ball team a success, a manager has to devote his undivided attention to the work. He must make trips out of town with the team and put in a good portion of each day at the work of management. At present I have so many interests that I cannot take on anything else. If the management of the team consisted of planning from my office the manager, getting out the advertising and signing ball players, I would attempt it. But as it is, I haven't the time and cannot accept the offer."

With Coffroth out of the race, the chances of both Danny Long and Charley Graham grow brighter. Graham is under contract with the Boston National League Club for next season, but he could be bought back if wanted. Long is one of the best posted baseball men in the business and is regarded with favor by the men in control.

ARTFUL IS THERE, TOO

Harry Payne Whitney, stung probably by the bantering directed at him after his Brighton Handicap and Futurity winner, Artful, had so persistently dodged the Keene champion after Hermis' inability to outfoot Wild Mint at Brighton, however, few people will take the Thomas horse seriously as a pretender to Synsby's honors. Wild Mint, a stable mate of Synsby, is a fast little horse, but never saw the day that he could exercise the latter.

More than anything else, turf enthusiasts desire a meeting between Synsby and Artful. Artful's win over Synsby in the Futurity was not conclusive to the partisans of either the filly or the colt. Synsby was no

ONLY WOMAN BASEBALL UMPIRE QUILTS

SIoux FALLS, S. D., JAN. 11.—MISS AMANDA CLEMENT, WHO HAS GAINED NATIONAL FAME AS A BASEBALL UMPIRE, HAS BEEN OFFERED THE POSITION OF TEACHER OF PHYSICAL CULTURE AT YANKTON COLLEGE NEXT SUMMER, AND IT IS PROBABLE THAT SHE WILL ACCEPT IT AND ABANDON UMPIRING. DURING THE PAST SUMMER HER SERVICES WERE IN CONSTANT DEMAND.

Joe Gans put in the hardest day yesterday since he has been installed at Colma's. The lightweight champion wishes to keep up this fast and hard work until Sunday, when he will cut out the boxing and gradually decrease the work little by little until the day before the contest with Sullivan, when he expects to be able to lay off altogether.

In company with Willie Fitzgerald, Mike Schreck and Bob Lundie, the were out on the road yesterday morning and the boys had plenty of sport trying to beat each other back home. The result was every one worked hard and the time made over the six-mile course was exceedingly fast.

Gans punched the light bag for four rounds and the heavy bag two rounds. He went ten minutes without stopping at a dumb bell work and then had three rounds of shadow boxing, after which he boxed five rounds with husky Mike Schreck, which he won by a knockout, slugging occasionally with a vim.

Gans did not seem the least bit bothered by the violent exercise and he showed plainly that his breathing apparatus was in fine order. During the bout with Schreck the latter punched Gans in the head and the crowd found difficulty in landing his blows on the clever Baltimore boxer. Gans reacted to the blows by a counter punch, intimating that he was considerably under 140 pounds.

WEIGHT NEARLY EQUAL.
It is not thought there will be much difference in the weight of Gans and Sullivan when the pair meet in the ring a week from Friday night. Gans is a good deal older and has more experience, but the big fellow is at his best at about this time. When the match was made it was known by Joe that he was a heavy puncher, but much alike and both felt they could do themselves more good in getting ready without a weight of being pinched than they could by being weighed in at 135 or 140 pounds at 4 o'clock in the scheduled weight for their coming match, and this really means catch weights for both.

Sullivan continues to attract large crowds to his gymnasium in San Rafael, and as he is a good deal older and has more experience, but the big fellow is at his best at about this time. When the match was made it was known by Joe that he was a heavy puncher, but much alike and both felt they could do themselves more good in getting ready without a weight of being pinched than they could by being weighed in at 135 or 140 pounds at 4 o'clock in the scheduled weight for their coming match, and this really means catch weights for both.

NEWS FOR COAST PLAYERS.
With McCloskey a big leaguer, the ball players on this coast will have a better chance of making money. Mac is all right in last company, for Mac is always willing to take a chance on youngsters. He will find a pretty good deal in the big league, and he is sure to be able to help it. John never likes to be hampered for money, and for that reason he has accepted of a minor league, for he wants to win at all hazards. His experience in Vancouver last year has secured him on minor leagues, and probably accounts for his acceptance of the St. Louis club.

TIRES OF BRUSH LEAGUES.
McCloskey told a friend in Seattle last summer that he would never manage a team in a brush league again, if he could help it, and the above dispatch from St. Louis indicates that he can help it. John never likes to be hampered for money, and for that reason he has accepted of a minor league, for he wants to win at all hazards. His experience in Vancouver last year has secured him on minor leagues, and probably accounts for his acceptance of the St. Louis club.

CHANCE FOR CHICAGO'S FANS TO WIN SCRAP
Chicago boxing fans are to have a chance to witness real scraps, by traveling a few miles into the country, as is shown by the following letter received by Eddie Smith, sporting editor of THE TRIBUNE, from Matty Fitzpatrick, manager of his brother, Dick, who is scheduled to meet Melody there January 23d.

"MR. EDDIE SMITH, Oakland, Cal.—Dear Sir: Yours of the 27th at hand and glad to hear from you. I want to thank you for what you have done for me. The game is about to open up about ten miles from here at Blue Lake. It is a good place. It only takes twenty-eight minutes to go out on the Rock road and a half hour and on one half on the electric cars. It is the only place within one hundred miles of Chicago, where there is any fighting and the fans here will all flock there, as they are in the country, and will go any place to see a bout."

"Dick and Melody fight there on the 23d of this month and Dick will beat him. I have seen them both and they are the fourth time they have fought. The other three ended in draws, but there is no doubt about this time. I am sure of it."

"Melody is still in the East. Curly is on the road with Tommy Ryan and Marvin Hart. They are headed your way and you will see them before I will. They left here two weeks ago. Now, as I said before, if you ever get a chance to slip Dick in anywhere, let the God bless you know and I will be Johnny on the spot to grab it up. Hoping to hear from you again."

"I remain your friend,
"MATTY FITZPATRICK."

ASTRONOMER A COMER.
Another three-year-old entered whose official weight will be watered with interest is Astronomer. On public form Astronomer cannot be rated with Perverse or Burgomaster. He is interesting because his owner, David Gideon, a shrewd ring manipulator, has declared that Astronomer will be the best three-year-old of the season. The enthusiasm of ownership perhaps outruns in this instance the bounds of reason.

THE FORLORN HOPES.
Of course, there are the usual absurd forlorn hopes. Oliver Cromwell, a maiden that last season earned the distinction of being beaten oftener at odds than any horse in training, is entered in the Brooklyn, Brighton and Suburban. Rosben, holder of the world's records at six furlongs, and an inglorious failure every time he has been asked to go farther than seven furlongs, has been named for the Brooklyn and the Suburban by his dotting owner, "Davy" Johnson, along with Jacquin, a selling plate, speedier, but unsound.

Flies, an English-bred horse that has been racing in Russia, has been nominated by Frank Stier, an old-time handler of trotters, but for some time past an owner of thoroughbreds in Russia.

PROFESSIONAL BOXING BOUTS TO BE RESUMED AT RELIANCE CLUB

At a meeting held by the directors of the Reliance Club, in conjunction with the special committee on boxing contests at the Reliance Club last night, it was definitely settled that the club would give public boxing contests, and a committee, composing W. J. Smyth, Paul T. Carroll and Eddie Smith, was given full power to make arrangements for a contest to be held the last week in January or the first of February.

The opening program to be presented will no doubt be a series of amateur contests. Eddie Smith, who will have charge of the match-making, has been looking the ground over for a suitable professional contest, and says that he is of the opinion that at present there is not a contest that could be arranged in such short time.

It is to be the policy of the club to give only professional contests when the contest gives promise of being one that will insure the patrons of the Reliance Club a good entertainment.

Amateur contests will take the place of the professionals when good talent is scarce. The opening card of six amateur contests will be an exceptionally good one. Mr. Smith will use the utmost discretion in making the matches, and as prizes of more than ordinary value are to be given there will be only high-class boxers matched.

The Reliance Club has always been a guarantee of good contests in the past, and it will be the endeavor of the committee to not only maintain this reputation, but improve on it.

ENGLISHMAN'S FIRST VISIT TO AMERICAN RACETRACK

Comparisons may be odious, but the impressions of an Englishman, who is a casual visitor to the tracks in his own country, on the occasion of his first visit to an American track are interesting at any rate. The visit was to Brighton last summer, and in a letter to the Morning Telegraph the visitor has the following to say:

"Compared to an English racecourse, the first thing that strikes you when you get to the grandstand is the absence of noise and color. The noise on English 'courses,' as we call them, is produced by bookmakers, who take up their conspicuous positions in front of the stand, and yell out the odds at the top of their unmelodious voices. It is an ear-splitting dissonance of yells and shouts when betting is brisk, and can be heard a half mile away. The color scheme is equally vivid. The English bookmaker is a colorful figure, generally wearing a yellow or even blue, or a hat of eccentric shape or a gaily colored umbrella to shield him from the sun. These umbrellas are useful under the variable English sky—the English racecourse committees do not provide a roof over the heads of the betting fraternity, who transact their business in the open. The scene is gay and full of life, and a perfect view of every part of which I think is absent over here."

MODERATE CHARGE.
"We arrived at Brighton Beach after a quick motor run, which some of the mounted 'cops' on the boulevard regarded with no kindly eye, but they did not stop our career. I was agreeably surprised at the moderate charge for entrance, which in England is \$5 a head for men and women. I also considered the sitting accommodation superior to what I have seen elsewhere. There were seven races that day on the program, and I dare say that was the cause of the card being so moderate. I should have preferred a little more breathing space between the several races, but to see the horses run on a prepared track instead of on a green sward, as they invariably do in England, was a bit of a disappointment to me, who loves the picturesque aspect of racing, but on the other hand I must say that it isn't on many tracks in England that you get such a perfect view of every part of the race as is vouchsafed to you at Brighton Beach."

ABOUT BOOKMAKERS.
"Clasping a roll of bills in my fist, I proceeded to the bookmaker to invest the money. I heard no shouting, saw no men with lists in the spot where I was used to finding men across the water, and a sickening fear overcame me that perhaps no one wanted my money. In my despair I addressed myself to a gentleman who was busy making notes as the numbers went up for the first time."

ON USE OF WHIPS.
"The racing itself was interesting, but I thought the boys used their whips up to the hilt. I wonder if that does very often forbid to the jockeys altogether by trainer or owner. The two-year-olds seem to me to be trained down to the hilt, and I think that does not affect their stamina in later years of their career."

ON SYSTEM OF NUMBERING THE HORSES.
"The system of numbering the horses numerically and parading them in their numerical order is very useful and full of common sense. When will the English clubs of horse racing adopt it universally?"

"I left Brighton Beach well impressed with the business the management of the meeting, the orderly behavior of the crowd, but inwardly I did sigh for just a wee bit of the noise and color inseparable from the English race meeting."

DR. GARDNER HAS GREAT SPEED

By winning the Maxim Handicap from an all-aged field at Birmersfield yesterday Dr. Gardner not only increased his already great popularity, but demonstrated that there is not another youngster to equal him in this state. On account of his victory in the Follansbee Handicap under disadvantageous weight condition, the son of Bannockburn was installed favorite in the Maxim Handicap, although he had never gone the distance. Students of blood lines were confident that Dr. Gardner would qualify, but the mass of people who attend races "wanted to be shown," even if the horse was shipped here from Missouri. The four starters in the Maxim Handicap were Dr. Gardner, Red Leaf, Lubin and Gregor K., and they were liked in the order named by the betting public.

The four horses were sent away with little delay. Before they had gone a sixteenth, Dr. Gardner began to open up a gap on his field. After passing the half-mile post, Dr. Gardner began to creep away from his field in astonishing style. The youngster turned into the stretch with a big lead, and all Williams had to do was to sit still, which he did to perfection, and Dr. Gardner won by quite a margin. A spectacular feature of the race was the way Lubin finished. Naturally a slow beginner, the Elliott horse fell out of the race many lengths, but the way he came at the finish was something to grow enthusiastic over. He ran the last mile, from stand to stand, in 1:38 4-5, which stamps Lubin as a race horse, but also adds to the greatness of Dr. Gardner. Trainer Brandt has Dr. Gardner in grand condition, and it looks as if he had both the California and Ascot Derbies at his mercy, if he retains his present form. His feat yesterday stamps him as the greatest three-year-old ever seen at Oakland. Dr. Leggo was regarded as a wonder last year, but shrewd and conservative judges are a unit in declaring him a better colt than the double derby winner of 1925. Dr. Gardner covered the half in 0:45 1/2, the three-quarters in 1:13 1/2, the mile in 1:38 1/2, and mile and one-sixteenth in 1:45 1/2, which is within a fraction of the Coast record.

Although a three-year-old has never won the Burns Handicap, Barney Schreiber intends to make a bid with Dr. Gardner this year, and the youngster will doubtless be reserved for that event. In this race he will meet, at one mile and a quarter, Proper, Lubin, Borch, the admitted cracks of the present racing season.

GETS HIS WINNINGS.
"I stood disconsolately, when a kind soul who was generally well advised me to report it to Mr. Cavanaugh, who would see that I got my money. I was in a bad way, but on the evening of the second day a letter waited for me at my hotel containing a bill-doux from Mr. Cavanaugh and a check for \$1000. I was so grateful that I wrote him a letter of thanks, and I am sure that the money was well spent."

COLLEGIAN AN EXPERT ON BIRD LIFE

William L. Finley, a Former University Lad, Writes Articles That Get Instant Recognition.

BERKELEY Jan 11.—William L. Finley, '08, has just returned to the Coast after a two months trip in the East. Mr. Finley went East to arrange for the publication of his book on Bird Life which represents the results of careful study of the wild life of birds with camera and note book for the past several years. During the past year Mr. Finley has been employed by the American Review of Reviews Company on the staff of the Country Calendar. He is rapidly making a name for himself as a lecturer and magazine writer and an authority in his chosen field of activity. His articles have appeared in the Country Calendar of the St. Nicholas Outing Pacific Monthly and other journals. He has contracted to furnish articles for the American Illustrated Magazine Country Life in America. The Outlook, The World Today and the Forest and Stream. While in New York Mr. Finley lectured before the National Association of Audubon Societies and was honored by being elected a director of the National Association. He gave two lectures on bird life before the American Ornithologists Union which caused wide comment especially the one giving his studies of wing movements in bird flight in which he showed a series of photographs of considerable scientific as well as popular interest. He also lectured before the Brooklyn Institute, the Linnaean Society. His book which is to appear during the coming spring from the press of Doubleday, Page and Company will be profusely illustrated with half tones of photographs taken by Mr. Finley in his work. Mr. Finley does not call his book a bird manual but rather a series of bird biographies.

PRAISE STEPHENS JURIST CHOSEN

Eulogy for a Professor is Given. Judge Waste to be Head of Y. M. C. A.

BERKELEY Jan 11.—Friends of Professor Henry Morse Stephens are pleased with his lot in Boston. There appeared in the Boston Transcript of November 30 the following comment on the course of Lowell Institute Lectures given by Professor Stephens in Boston during the month of December. No more fascinating course of lectures has been delivered in Boston since the Lowell Institute has been left alone to fill the intellectual need supplied by the old Lyceum of Emerson's day than the course in which Professor Stephens of the University of California on the growth of humanism and its various developments of virtues and corrections. Of very few courses of such length and the lectures in fact but one of a full dozen on a serious subject and treated with profound thought and learning could be truthfully said as was said of Professor Stephens course that it was too brief and the public was sorry when the lectures ended. The rare scholarship lavished upon them the clearness and cogency of the argument and demonstration the broad and fearless optimism finding the State constantly taking more and more responsibility upon itself to see that the world does grow better the implication that all the resources of society shall be freely placed at the use and be of use especially of the defective and of the young for whom society is coming to feel the responsibility no longer punishing but more cherishing crime in original sin but to the constitution of society—the expansion of patriotism beyond narrow nationalism the new interpretation of history—all this did not hold the audience the very best that Boston ever produces more than the charm of the personality of the speaker. One felt in his person the presence of the traditional scholar and gentleman's presence.

VALLEJO Jan 11.—Admiral McCalla has as guests several municipal officers of Vallejo yesterday and advised them that a recent ruling of the Civil Service Commission does not allow them to hold a political office in State county or municipality and at the same time retain a remunerative position with the Federal Government. After a considerable discussion it was finally agreed that the Admiral should refer the whole question to the Secretary of the Navy for a decision. The Admiral said among other things that he was entirely willing that such of the employees of the yard as might be admitted to office in Vallejo should retain their positions in the yard but that the matter was one that could not be decided by him. The decision of the Secretary of the Navy will be looked forward to with considerable interest by the residents of the city and it is the earnest hope of all that the government employees will be allowed to hold offices in Vallejo as has been the custom heretofore as a number of its bright men who hold positions on Mare Island.

NEW YORK Jan 11.—The story of a transfer of the control of the Brooklyn Rapid Transit Company from Anthony N. Brady to August Belmont and the interests he represents was revised yesterday and Wall Street was inclined to believe it. Mr. Brady and Mr. Belmont would not talk about it. After off ice hours however a positive denial that such a deal was under way was made by a man whose connection with the Interborough Metropolitan interests is intimate.

Rev. E. W. Darst Gives up Place in Important Church—Enters Larger Field.

REV. E. W. DARST.

BERKELEY Jan 11.—The news came as a surprise in church circles last night that the Rev. E. W. Darst the pastor of the First Christian Church of Berkeley, has quietly tendered his resignation to the church trustees. At the end of three months he will step down from the place he has held so long among the Berkeley churches. Rev. Mr. Darst will not however retire from the ministry. He pur poses to become city evangelist and mission superintendent for the Christian Church in the bay cities—San Francisco Oakland and Alameda. The trustees have not yet taken action on Rev. Mr. Darst's resignation. The contract between the clergyman and the trustees calls for three months notice on either side in the matter of a change of pastorage. The delay of the trustees in taking up the matter leaves the Christian Church in a healthy condition of growth. The congregation has increased one third under his pastorate and a handsome edifice has been erected at the corner of Dane street and Bancroft way. All departments of the church work have been brought to a high state of organization by Rev. Mr. Darst and he leaves the church in the most successful period of its history.

CLOSE DOOR ON HEARST KILLS A GIRL STUDENTS BIG LION

STANFORD UNIVERSITY Jan 11.—Official announcement was made yesterday of new regulations governing the admission of women students to the university. Owing to the growing pressure upon the 500 limit established in the amended founding grant of the university it is being found necessary to draw the lines closer and no women 'special students' are now admitted at all. The new regulations establish a waiting list from which candidates will be admitted in the order of precedence. The important clauses of the order issued today follow. Graduates of this university and of universities of equivalent standing will be admitted without previous application. Women once admitted to the university will be allowed without further application to continue until graduation or so long as scholarship and conduct are satisfactory. But places will not be held for women students after the regular registration days except by permission of the committee on registration granted in advance. For the remaining number of women students permitted by the founding grant (for August 1906 approximately 100) the plan of admission is as follows: Applications may be made at any time. They must state the proposed time of entrance and the credentials which the candidate expects to offer. To insure consideration applications must be formally renewed within ten months of the proposed date of entrance. Blanks for application may be obtained of the registrar. A numbered list will be begun on the first day of July. Only those candidates will be listed whose credentials are complete (that is who on examination or recommendation or both have been granted fifteen entrance units). If more than the designated number present complete credentials on this date the order will be determined by following as far as practicable the original order of application. After July 1 candidates will be listed in the order of application (accompanied by complete credentials). When two or more are received at the same time the serial order will be determined in the same manner as before. On registration day candidates will be preferred in their serial order. After registration the serial order of candidates actually present will be observed. Vacancies in January may be filled from a numbered list to be begun on the first day of October preceding.

WOMAN TO DESIGN NEW YORK Jan 11.—Mrs. Harry Payne Whitney who before her marriage was Gertrude Vanderbilt and who has for several years been a very industrious sculptor, yesterday accepted from the builders of the new Hotel Belmont the commission to do much of the designing for the interior decorations of the hotel. She is especially to design the Caryatides for the corridors and dining rooms. Mrs. Whitney took up sculpture as a diversion and has devoted much time to it. 'Ah,' said the doctor, 'nervous dyspepsia. Is it a case of long standing?' Yes replied the patient, 'that may have something to do with it.' 'What do you mean?' NEW YORK, Jan 11.—Except for the laying of the last stone of the Spillway coping the work on the new Croton dam is finished. The work on the reservoir from which this city will receive its water supply was begun about thirteen years ago and it has taken about five years to build the dam. The reservoir will have a capacity of thirty billion gallons. Water was first turned into it on January 28 last but on July 25th the gates were opened and the water let out for an inspection of the bed of the reservoir. The masonry repairs were found necessary to the masonry work near the bed. The gates were closed again on November 28 but because of the small rainfall since then the reservoir is now almost empty. JAMES HYDE DROPPED NEW YORK Jan 11.—James Hazen Hyde was dropped as vice-president of the Equitable Trust Company at the annual election yesterday. His place was filled by Mr. Hyde received \$10,000 a year salary as vice-president of this institution.

SALOON MEN RESTING ON THEIR OARS

Liquor Dealers Who Were Denied Licenses Engage Lawyers But Make no Move.

BERKELEY, Jan 11.—The saloon men seem to be resting on their oars, their legal counsel as yet having made no move. Attorney Lin Church, of Oakland, as well as former Town Attorney Brewster A. Hayne, have been retained to represent the saloon men who were denied licenses by the town trustees last Monday night and a hard-fought legal battle is promised. An injunction may be sought by the saloon men restraining Marshal Vollmer from interfering with their business until the courts pass upon the merits of the case. The thirteen men who have been denied licenses under the new ordinance limiting the number of grog shops to ten all have considerable money invested in their various busi-

ACCEPT PLANS

New School for Piedmont Avenue. BERKELEY, Jan 11.—The Board of Education has decided to accept the plans of Architect F. D. Vorhies for the new \$30,000 school building to be erected on the Piedmont avenue school lot. The accepted plans call for a modern ten-room school of brick and terra cotta with terraced garden and spacious playgrounds. On recommendation of Superintendent of City Schools S. D. Waterman the Page Street school was ordered closed and the teacher and her class transferred to the San Pablo school where the work can be carried on more advantageously. It also voted to add a class to the Allston Way school to provide for the overflow at the Whittier and McKinley schools. The overcrowded condition at the Le Conte school led to the building of an additional class. In that building to provide for the teaching of these new classes three substitute teachers were appointed at a salary of \$25 a month. The successful applicants were May O'Brien, Charlotte Hayford and May Wade.

IS INSTALLED.

HARTFORD Conn. Jan 11.—Professor Edward E. Nourse was inaugurated last night as Professor of Biblical Theology in the Hartford Theological Seminary. He was inducted into office by Eldridge Torrey of Boston, president of the Board of Trustees and the charge in behalf of the trustees was delivered by Rev. R. H. Potter. Professor Nourse is a native of Bayfield Wis. and was graduated from Lake Forest College, Lake Forest, Ill., in 1883. He is the author of numerous articles on New Testament subjects.

ness places and are loath to give up without a fight. Daniel F. Duggan proprietor of California Park at Camelia street, visited the marshal's office yesterday and placed \$500 on the counter in payment for an annual saloon license. Of course Marshal Vollmer refused the money, saying that the license had been revoked by the action of the trustees Monday night. Duggan at once left for Oakland to consult his attorneys. He says he has held the property on Camelia street for a long time and has recently put in \$7000 in fitting up a dancing pavilion and pleasure park. He says to have his license to sell liquor revoked will ruin him financially. Marshal Vollmer is keeping a sharp watch on the defeated thirteen and any attempt to sell liquor will be met with arrests.

The posters depict scenes in different countries and are suggestive of the books arranged near by. These poster drawings are a great aid to the children in picking out books. FREDERICK BURNHAM IS GOING ABROAD. NEW YORK Jan 11.—Frederick A. Burnham president of the Mutual Reserve Life Insurance Company is selling his horses and disposing of other property, preparatory, it is said, to a trip to Europe. Mr. Burnham's intention became known to a few of his intimate friends within the last few days when he it is known that his stable of cars and carriage horses as well as several carriages and road wagons were for sale. The sale opens today. District Attorney Jerome manifested no surprise when told Mr. Burnham was selling his property preparatory to going abroad. He said he had learned of it only a few hours before. "I was told of it," said Mr. Jerome, "by a man who seemed to believe I ought to know it." Do you intend in view of the evidence before the Legislative Committee relative to certain transactions of Mr. Burnham as president of the Mutual Reserve to talk over the matter with him before he leaves? The District Attorney was asked. "Oh, there is a lot of evidence to read before I can answer that. I have not had time to get a clear idea of the situation, yet," said Mr. Jerome. SHE MAKES GOOD BREAD. Such a recommendation goes far with the young man who is thinking of establishing a home. "A. I. Flour makes it possible for a good bread maker to make better bread.
